Another Production Sale of Lookabaugh SHORTHORNS

The Thirteenth Annual Auction
Held From the Herd

Wednesday, May 11, 1921

H. C. LOOKABAUGH
WATONGA, OKLAHOMA

INTRODUCTION

THIS is the year in particular when I feel proud to put out this catalogue of Another Production Sale, because two-thirds of the animals herein listed were either bred by me or their sires and dams are now on the Pleasant Valley Stock Farm. A great collection of herd bulls, young heifers and foundation seed stock that have sprung from those cows which have been retained in our breeding herd for a purpose. You know the reason as well as I. You believe me when I say "By their fruits ye shall know them."

It is not so hard to make money as it is to make it without injuring your fellowman, and this business which we represent furnishes me a pleasure which I

have failed to find elsewhere, for I know that the man who purchases this kind of seed stock at this particular time cannot fail to find his investment both pleasant and profitable. I have been breeding Shorthorns since 1906, but at no time in my breeding experience have the conditions been so opportune for the founding of herds in animals of real merit as now.

The population of the United States is increasing daily. In the last ten years it has increased 15 per cent in the cities and only 3 per cent in the rural districts. The pounds of beef per capita have decreased 40 per cent in the last twenty years. The value of registered sires and registered females which in turn raise more registered sires is for the purpose of increasing the pounds of beef produced annually from each cow. What show have we to overcome this shortage of supply if we continue to produce beef and butter in the old "scrub" way. Our fathers used to cut wheat with a cradle. In one generation we have lived to see a marvelous change from the cradle to the reaper, from the reaper to the self-rake, from the self-rake to the self-binder, from the self-binder to the header and from the header to the combined header and thresher. All this has been done in one generation. Cannot we hope to move along a little faster in the next few years when it comes to putting a registered sire on every farm, and a few pure-bred females wherever possible? Remember, less than five per cent of the cattle in the United States are registered and there are not enough registered bulls in the entire country to put one on every farm even in the State of Iowa.

This is a large herd. We raise cattle to sell. The price is left to you and we will be satisfied with your decision. I ask you to bear in mind the fact that in assuming this responsibility I believe you will agree with me that you are naming the price on the best offering we have ever sold here. If this is not a fact, then we are going backwards in our breeding career, a conclusion which is not borne out by our winnings at the recent spring shows. If you will take the time

to examine the origin of the first prize and champion winners at the late Southwest American Livestock Show at Oklahoma City you will find the major portion owe their origin to the Pleasant Valley Stock Farm. We claim none of the honors for ourselves. It rests in that time-worn adage—"BLOOD TELLS."

Roan Lord, known as "the son of great parents," was sold for $10,000 in the Gillespie Dispersion. He has proven a most reliable breeder of uniformly good calves. In fact, some of the greatest calves ever dropped on the farm are his get. They have been in strong demand and only two bull calves are available for this sale. It was one of his sons that topped our last sale.

I regard Missie's Last one of the greatest sires I ever used. If you will study his pedigree, his performance is merely another case wherein "Blood Tells." The best breeders in Scotland and America have had a part in making him what he is. I investigated this bull and bought him because I liked his calves. He is giving us splendid results, and warrants our expectations that he assist materially in improving the product from this herd. The only daughter we have raised and sold to date went to Kansas last fall at $2,000. A daughter in my last sale sold for $2,650.

A commentator has had this to say of Claret Commander: 'His strict adherence to beef type has made him an object of general admiration. As an example of great weight in an immature package, and that package quite large enough, he is little short of phenomenal." He is in fact the embodiment of those features for which his sire was brought into the herd. He has to his credit a long list of Junior and Grand Champion awards during the past two seasons.

First prize two-year-old bull Southwest American Livestock Show. This is a herd bull anyone should be proud to own. Am selling him only because I have in the female side of the herd so much of this same blood. I have six herd bulls and must spare one or two. Of the five I have tried there is no difference in their calves. It is just a question of mating when you get a bull that breeds like Pleasant Sultan. We have some calves by him which can be seen sale day. Every one is a good one. This is one of the greatest sons of Fair Acres Sultan and will make a reputation for any man who is big enough to give the bull a chance. I consider him the best son of Fair Acres Sultan, because of his thickness, good hind quarters and great head.

In considering the purchase of Pleasant Sultan one must take into account the performance of his half brothers and sisters. Space does not here permit of any comprehensive or detailed mention of their accomplishments, but such names as Rosewood Reserve, Fair Sultan, Fair Beauty, Max Acres Sultan, Pleasant Averne, Pleasant Acres Belle, Lookatonga Sultan, Fair Acres Sultan Jr., Pleasant Fair Sultan, 2d Fair Acres Sultan, and others suggest to the Shorthorn admirer sale ring appraisals, show yard accomplishments and breeding pasture performance which have written conspicuous Shorthorn history.

The presentation of Maxhall Wanderer will bring to the minds of many the great showing which his sire made as a calf and yearling and his subsequent selling at a record price in our 1919 sale. Among the bulls of his age he is quite as outstanding in this sale as was his sire then. In many ways he reflects the make-up of Fair Acres Sultan Jr., and in some particulars critics have pronounced him a better calf than his sire at the same age. In breeding he is not only backed by the reputation of a great show and breeding bull, but his mother is a great producing cow, being among others the dam of Lookatonga Sultan. His superior individuality was firmly established during the fall shows of 1920 and the spring shows of 1921, as he was either first or second at all the leading shows in the Southwest. In fact, I think he stood second only twice in showing at Topeka, Hutchinson, Oklahoma City, Muskogee, Denver, Wichita, Ft. Worth and the Southwest American. This is truly a great son of a great sire whose value as a breeding bull is not to be questioned. Watch his performance and see if he does not sire some of the best calves in the country. At every show this was the one calf they all admired and wanted and he is growing better each day.

This white son of Maxwalton Commander is of unusual mellowness in his hide. He is the stall mate to Claret Commander, but we have used him some and he is not carrying the flesh he should. Many of the breeders at my last sale liked him the better of the two bulls. He has for dam the noted matron Roan Julia out of Imp. Julia, Roan Julia being a full sister to the dam of Proud Lord and the mother of Juliette's Caledonia and Maxhall Morning, some of the best calves ever produced here. He is a splendid server. We will have some of his calves in the near future.

This roan son of Maxwalton Commander is out of a daughter of Fair Acres Sultan, thus giving him a combination of the blood of these two great sires, descending directly from Imp. Pavonia, said by many to be the most thickly fleshed cow ever imported. This is one of the youngest calves in the sale and will be presented in unfinished form, but irrespective of his age, when one considers his evidence of promise, coupled with the fact that he is the result of the mating of phenomenal ancestry. It is not predicating too much to suggest that in this calf someone will get one of our most valuable productions.

This heifer is out of the same dam as Pleasant Diamond. She headed the senior heifer calf class at the Southwest American Livestock Show. She is a beautiful rich roan, that will make the right kind of a show next year, in fact, is one of the very best show prospects in the entire offering. Some young breeder should buy this one to win at his home shows, or anywhere he might see fit to take her. She is the kind that wins a reputation for her owner and proves far more profitable than the cheaper sorts.

This is a bull of great outcome. He has not done well the last while, but he is due for a tremendous improvement this summer. I say this because, if there is anything to breeding, the way his ancestors on both sides of the house do things he must come. He is a bull of good lines, good length and very mellow in his hide. His mother is a daughter of Fair Acres Sultan. This Violet tribe has been one of the most dependable in the herd.
